What are we doing?

To help us make the De Havilland Primary School website a positive place for everyone, we will shortly be launching a new version of our website and will be working to ensure it is compliant with the [Web Content Accessibility Guidelines \(WCAG\) 2.1](#). These guidelines explain how to make web content more accessible for people with disabilities, and user friendly for everyone.

The guidelines have three levels of accessibility. We will report on which level of accessibility we have reached when we launch our new website.
